

## OUR MISSION

Our Mission at Riverwood Health and Rehab Center is to improve the quality of life for each patient that we care for. We deliver care with our compassionate heart and healing hands.

## JOINT COMMISSION ACCREDITATION

The Joint Commission of Accreditation is a meeting of experts and medical team that sets high standards of care. Riverwood is Joint Commission Accredited as part of our goal to continuously gain knowledge to provide consistent quality of care.

# RIVERWOOD

HEALTH AND REHAB CENTER

## SHORT TERM REHAB

This level of care is for those needing a short rehabilitation or nursing stay to transition back to their prior level of life management. Most of the patients seeking this care have experienced surgery, a stroke, or some other sort of debilitating setback. Their physician expects them to make a recovery and return to their prior level of functioning.

# CLINICAL EXCELLENCE WITH A SMALL TOWN ATMOSPHERE

## LONG TERM REHAB

This level of care is for those needing 24 hour skilled care and can no longer manage at home or in an assisted living facility. We hope you will consider Riverwood Health and Rehab Center during your search and come for a visit. We are dedicated to a healthy and clean facility, high nursing staff rates, and quality of patient health during their stay.
